Dr. Mohler continues to recuperate following surgery

Thursday, January 4, 2007

Dr. Mohler continues to recuperate from abdominal surgery at Baptist East Hospital in Louisville, KY. Daily he is gaining strength and making progress, but he still has a good deal of recovery before him. Please continue to pray for his complete and expedient recovery and for the Lord to grant him abundant grace during this time of convalescence.

Dr. Mohler has expressed deep appreciation for all the gestures of encouragement that have come from so many and looks forward to being back in action at Southern Seminary, at Highview Baptist Church, at www.albertmohler.com and behind the microphone at The Albert Mohler Program. Thanks again for your prayers and support.
