Senator Salazar “Lets Fly” Against Justice Sunday

Friday, April 22, 2005

Senator Ken Salazar [D-Colorado] escalated the controversy over judicial nominations by launching a direct attack on me and Focus on the Family [see entry directly below]. Now, [The Rocky Mountain News](#) reports that Salazar has taken his argument even further. In “Salazar Lets Fly,” the paper documents his attack and apparent loss of a grip on reality. David D. Kirkpatrick and Sheryl Gay Stolberg take another look in today’s edition of [The New York Times](#). Dr. Dobson spoke to the controversy on last night’s edition of [Hannity and Colmes](#) on Fox News. All this indicates that Sen. Salazar and his allies are feeling the heat. What comes next?
