Music: - None

Speaker: - Dr. John Polhill  
Faculty Address

Sermon Title: - "The miracle stories"

Scripture: - none

Main Points: - revitalization of the  
"theios aner" - divine man as model  
for understanding Biblical miracle  
stories - esp. in redaction criticism  
in Mark - theory is still weak due to  
failure to redefine "theios aner"  
Uniqueness of Jesus' miracles is in His  
linking of miracles to eschatology
