REPORT OF EXECUTIVE BOARD.

Read by Bro. Malcom Thompson. Adopted.

To the Elkhorn Association:

By the grace of God, our Heavenly Father, we, as your Executive Board of Elkhorn Baptist Association are permitted to make the following report of our stewardship for the past year. We find we have spent more funds in the bounds of the Association than for a number of years, one more church making application for assistance, which was given. You can see from the reports from these churches in their letters what has been done. May our Heavenly Father put it into the hearts of His children to see that this work does not go back for lack of funds. We have aided the following churches: Bryan Station, Clover Bottom, Mt. Freedom, Lexington Porter Memorial, Lexington Tabernacle, Sadieville Inasmuch as there have been a number of additional calls for assistance from the Board this year we earnestly urge the churches to increase their contributions as much as possible. We also beg the churches that they send all contributions for all purposes through our Board Treasurer, Bro, Malcom Thompson, who will torward to any cause they want it to go.

J. R. HOWARD, Moderator.
MALCOM THOMPSON, Clerk.

COMMUNICATION PROM FRANKLIN ASSOCIATION,

Frankfort, Ky., Sept. 4, 1911.

Executive Board of Franklin Association met Monday Sept. 4, 1911, and the following business was transacted:

By order of the Executive Borad of Franklin Association a committee consisting of Rev John H Burdin, Rev. M. B. Adams and James H. Martin was appointed to confer with Elkhorn Association in regard to the condition of the graves of Brethren Gano, Taylor and Hickman, and also confer with the General Association in regard to same. Said graves are in the bounds of the Franklin Association.

Witness my hand as Clerk of said Executive Board this Sept. 4, 1911.

L. D STUCKER.

The following were appointed as this committee: Dr J. A. Lewis, Bros J. P. Scruggs and O. O. Green

REPORT ON CHRISTIAN EDUCATION.

Read by Bro. R B. Thomas. Discussed by Bro. R. Thomas, Dr. M. B. Adams and Prof. J. L. Hill.

Of the lack of general education among the people of Kentucky, there is no need to argue. Kentucky's standing in the column of illiteracy makes that so plain, that he who runs may read. It is a matter for congratulation that the State is now making strenuous efforts to repair this sad condition. It seem that the near future will find the State doing practically all the primary and 'secondary school work. What is needed is a thorough discussion and clear understanding of college education. The colleges have to do with young men and young women just at the critical and impressionable age. What they need, at this age is an education that will develop the whole man, physical, mental and spiritual.

In the nature of the case, the State institution can develop only the physical and mental. The State constitution torbids any religious test of its teachers. The most blatant infidel may continue his teaching and blighting influence unmolested and thus the young men and women go forth from godly, christian, Baptist homes, with the very great danger of returning indifferent, if not antichristian. This danger is avoided in the Christian college. Here they are educated in a Christian atmosphere, and with positive Christian influence toward useful Christian manhood and womanhood. This is the one supreme and all important advantage of the denominational college, and puts it in a position with which the State institution cannot possibly compete. This is the one, and practically only reason for the existence of the denominational college; but it is an indispensable reason. Baptist parents ought to realize this and have no other thought than that of sending their children where they will be trained in their own—the Bible faith. We wish to urge our pastors to educate the church members in the importance of sending their children to our Baptist schools. The coming leaders in our churches, will largely be, those who nave had the advantage of college training. Hence, the absolute importance of educating them where their interest in and zeal for the Baptist faith and work will be strength-In this connection we wish to commend, in the most earnest manner, the work that is being done by the Baptist Education Society of Kentuc v. in its endeavor to awaken among the Baptists of the State, a deep and abiding interest in religious education, as done by our Baptist schools, and in the endeavor to foster the work of denominational schools. We praise most heartily the admirable work that is being done by secretaries Adams and Watts. We believe the plan they are now asking the churches to adopt, viz: Annual officrings for the work of the Education Society, to be the most feasible possible, and one that, if encouraged by the churches, will solve the perplexing problem of denominational education for the Baptists of Kentucky.

Every Baptist in the State ought to feel a pride in our great Southern Baptist Theological Seminary in Louisville. It is the greatest institution of its kind in the world. The work it is doing in deepening the efficiency of the Baptist ministers of the South, is of incalculable value. It merits our love and support. Just here, we wish to urge the churches of this Association to contribute of their means, for the education of young Baptist preachers, both in the Seminary and in Georgetown College.

We congratulate President Arthur Yeager and his co-workers on the successful completion of the subscription for an additional \$100,000.00 to the Endowment of Georgetown College. This means a much needed torward movement for this oldest Baptist college west of the Alleghany Mountains. The aim of this college is to give the young Baptists of the State, not only a liberal education, but at the same time to do it in a religious, Baptist atmosphere, to confirm their faith in the Baptist principles, and to fit them for practical service in the kingdom and in the Baptist churches. To this end, the faculty has introduced a course in Sunday school pedagogy that is intended to make them effi-

cient workers in this important part of church work. This school opens on the 12th inst. with increasingly bright prospects. This school is in the bounds of this Association. Its work and history should endear it to every Baptist in Elkhorn Association. We should give it our prayers, co-operation, encouragement and our children.

Moved and carried that we change the time for State. Home and Foreign Missions to Thursday, and take up the cause of Orphans Home.

REPORT ON ORPHANS HOME.

Read by Bro. Caswell. Discussed by Bro. Humphries. A collection of \$19.48 was taken for this cause.

If there is one obligation incumbent upon the church, certainly it is to care for the orphan. Indeed "James" considers it an evidence of one's having accepted Christ, if he is mindful of these little ones—"Pure and undefiled religion before God and the Father is this—that you visit the widow and orphan in their affliction and keep yourself unspotted from the world."

We have reason to thank God for his blessings on the home during the past years, but we are made sad when we think of the small amount of interest Kentucky Baptists are taking in this work. When we look around and see the Orphanages erected by secular institutions; when we know that Catholicism would have long ago perished from the earth, were it not for the protection and love it shows its young, we are made to blush with shame that we have been out generaled in the care and education of destitute orphans. Is this as it should be? Is this the last word to be spoken? Is it because we are too poor to support such an organization? No, it is because we are not alive to the situation. If this is the trouble it can be easily mended, for we are willing to know to what we are giving and we shall gladly give. There is no reason why the "Louisville Baptist Orphan's Home" should not be the largest and best equipped institution of its kind in the State. That this is not so is the fault of the Baptists who fail to contribute to this beautiful charity.

We recommend that every church in this Association make the home one of the regular objects of its support. We do not believe that this Association is doing all it can for the orphan.

The official report of the Home for the past year is most creditable to those in charge. But, brethren, the Home needs your prayers and your means. Will you deny these? God help us in the future to do more and to learn what we mean when we say,—

"Lord, help me to live from day to day In such a self forgetful way, That each day my prayer shall be, For others."

Respectfully submitted,
MESSENGERS From Porter Memorial Church.

REPORT ON SUNDAY SCHOOLS.

Read by Bro. Adcock. Discussed by Bros. Adcock and Johnson. Adopted. We rejoice over the fact that all the churches in the bounds of Elkhorn Association have Sunday Schools. We are glad for the fact some are good, some are better, but take no pride in the fact that none are best. The standard of excellence prepared some years ago by the Field Men of our S. S. Board is another institution than the ordinary Sunday School; yet it is not out of the reach of any real church. The fact is, the day of the Sunday School is past and behold the new era in church life, when we are beginning to acknowledge our obligation to train men and women to conduct the teaching service, which is equally enjoined by the "great commission" with "preach the gospel."

We call attention of the churches of this Association to the fact that this month (September 1911,) is the time designated by our S. S. Board as "Teacher Training Month" and we recommend the standard of excellence as the task immediately set for our churches,

Respectfully submitted,

J. D. ADCOCK.

REPORT ON YOUNG PEOPLES' WORK.

Read by Bro Scruggs. Discussed by Bros Scruggs and Bowden. Adopted. The work of organizing and training the young people of our churches is no longer pursued with fear of opposition or doubt of its need. Where it is not put into execution there is a strong conviction that something of the kind needs to be done. Why it is not done is because of a lack of co-operation in both time and method by which to accomplish it.

It is a fact that the young man or woman who enters upon any task, given in any department of the church work, does so with greater confidence in him or herself and with greater intelligence because self consciousness has been largely lost in the duties of the Young Peoples Work. Pastors are here who can testify to the truth of such a statement. This organization is the field of apprenticeship to every kind of work to be done in the Sunday School, Missionary Society or church office, not excepting that of pastor

Your committee would again urge an associational organization of our young people. We would earnestly recommend the feasible plan of having the unions supported by the teachers of the Sunday Schools who will use their classes in furnishing the personnel for the programs of the union.

We wish to call attention to the excellent and appropriate B. Y. P. U. literature published by the Sunday School Board.

It is urged that the unions of this Association seek to reach the standard of A. 1, B. Y. P $\,$ U.

The unions of this Association are very fortunate to have in their section the Kentucky Baptist Assembly, meeting annually at Georgetown. We would urge their co-operation in contribution and attendance. The last session recorded substantial work done in conference about how to do what is needed.

We are also glad to call attention to our State B. Y. P. U Secretary, Rev. J. T. Bowden, whose services can be had at any time. Call upon him He can do you valuable service.

J. P. SCRUGGS, for Committee.

REPORT ON TEMPERANCE.

Read by Bro. G. W. Hill. Discussed by Bros. Hill, Green, Cooper and Adcock. Adopted

It is certainly gratifying to the advocates of the temperance cause to observe the wonderful revolution that has taken place in the minds of the people, relative to the Liquor Traffic, masmuch, that the trend of public sentiment today seems to be arrayed against the open saloon. The mighty force of public opinion has compelled both the Democrats and the Republicans to declare in favor of the extension of the County Unit Bill. For the first time in Kentucky, so far as our information goes, the saloon is without a party. But here lies the real danger that the bare declarations of party platform be taken too seriously, The saloon interests are not out of business and they will yote in the coming election and Temperance people should be all the more alert and see to it that men of sincere convictions are chosen to redeem platform pledges.

There are two questions of great importance before the temperance people viz: Law Enforcement and additional Legislation. In a large majority of the dry counties of Kentucky, there are open violation of present laws. These tailures to carry out the expressed will of the people constitute the most vulnerable point in the battle against the return of the saloon and must be corrected if we are to hold the ground we have gained.

In the next place our Association especially needs the extension of the County Unit Bill, and the whole country requires the passage of laws to prevent shipments of liquors into local option territory.

In view of these needs, your committee would make the following recommendations:

- 1. That we respectfully petition our Representatives in Congress to use their influence to secure the passage of the "Inter State Shipment Bill."
- 2. That we call upon the voters of this Association to support as candidates for the Legislature, only such men as are known to favor the extension of the County Unit Bill
- 3. That in the selection of municipal and county officers, we support only those candidates who will take seriously their oaths to enforce the laws.
- 4. That we use every effort to secure the enforcement of the laws in our communities, not only by condemning failures on the part of the guardians of the laws to enforce them, but by publicly and personally holding up the hands of the faithful officials who are striving, frequently under adverse and difficult conditions, to do their duty.

Respectfully submitted,

G. W. HILL.

REPORT ON STATE MISSIONS.

Read by Bro. O. O Green. Discussed by Dr. Powell. Adopted

The cause of State Missions should awaken interest in the heart of every Kentucky Baptist. Our beloved state has been very much berated and misunderstood by pecple outside our state. Much of this is no doubt due to the fact that Kentucky's faults have been too greatly magnified by our own people. We have our faults, it is true, but these are being gradually removed. The curse of intemperance, the blight of godlessness, and the pall of ignorance will in time be eliminated if we do our whole duty. The time has come when Kentucky's loval sons should no longer be content with merely bemoaning her faults but should seek also to exalt her virtues. Ours is a great state and she has a history that any commonwealth might well be proud of. Baptists have had a large share in making Kentucky what she is be that good or bad. Her honors and her disgraces alike rest upon us It is a significant fact that Baptists of the state outnumber all other Protestant bodies combined—with a few thousand to spare.

Baptists of Kentucky today number 230,000; their church property is worth \$3,863,455; their Sunday schools number 1,101; with 105,792 pupils. There were added to our churches last year 10,828 by baptism; our churches gave \$128,152 for missions. Kentucky Baptists showed an increase last year in gifts to Home and Foreign Missions of more than \$9,000. Surely the Lord has most graciously prospered us.

As to the work of our State Board, the report of last year's work is most

encouraging Under the ministry of our missionaries, evangelists and colporters there were 3,685 conversions, and 2,873 baptisms; 32 churches and 77 new Sunday schools were organized. The board aided in the erection of 74 new church buildings.

The immediate need for money to carry on the work of State Missions is very urgent. Our noble secretary, Dr. W. D. Powell, is pushing the work with energy, patience, and skill but we must come to his aid or a great debt will confront us at our General Association in November. Just now, our secretary says that \$30,000 is needed for the State work up to Oct. 31. \$15,000 is needed to pay the salaries of the missionaries, evangelists, and colporters; \$7,000 is needed for the Sunday school work, and \$8,000 to meet the need in destitute communties where the board has promised aid. This call should meet a hearty response trom every Baptist in Elkhorn Association. We dwell in the most favored section of our State. There is much destitution all about us. "We then that are strong ought to bear the infirmities of the weak, and not to please ourselves." The more than 400,000 children of our state who are not in Sunday school are appealing to us for aid. The great majority of these are living in our mountain districts where there is little or no religious influence whatever. We owe a great debt to our mountain people and the work already done there has proven For every dollar spent there have been large returns. Let us pursue the work of evangelizing and educating our own people with a greater zeal than ever before. Surely there is a brighter day for "Old Kentucky" and by the help of the Lord let us take the dear old State for Christ and the Bap O. O. GREEN, for the Committee. tists.

REPORT ON FOREIGN MISSIONS.

Read by Bro T. C. Ecton. Discussed by Bros. Ecton and Stout. Adopted. Foreign Missions is perhaps the purest expression of christianity in our time. Here we find the least motive for self, and the largest thought for Christ. We can know and feel the need of this work in some degree, but the love of Christ, and the command of Christ, are the first reasons why. If we do really believe that the gospel is the good news concerning Christ and his Salvation surely we should be willing to publish it to the other needy and perishing millions.

The last great command of our risen Lord and Saviour: "Go ye therefore and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost," is as fresh and binding in its authority upon us, as it was when it was delivered to the eleven, and while it imposes the greatest responsibility and unceasing toil, it is commanded to us in the comforting words: "And Lo I am with you always, even unto the end of the world."

And may I ask if we his churches are embassadors for Christ? Are we coworkers with Him in the world evangelization? If so let us give earnest heed to his last message, and as freely, as we have received, let us freely give of our spirit, our prayers, our service, and our material substance.

Truly it we give to Foreigners whom we love least, we are sure to give to

all home work, which we love best Let us therefore cultivate Foreign Missions. We are deeply sensible of our obligations to God tor the wonderful success which has attended our foreign mission work during the past year. In obedience to His command the churches have sent out men and women to proclaim the glad tidings of His love and invite lost souls to Him. The reports sent back from those at the front are glorious. Never in the history of this planet has there been such a mighty onward movement among the hosts of God's elect. 3.618 persons have been baptised on the foreign field during the last year. What a mighty array is this! Only a few years ago our hearts were filled with joy at the report that 500 souls had been saved. Now our joy exceeds the power of speech, when we remember that 3,618 have been redeemed since this Association last assembled We have now more workers than ever before-273 missionaries and 531 native helpers; a total of 804. Our receipts are ahead of what they have ever been-\$550,008.97 were expended last year in the Foreign Mission field of our Southern Baptist Convention. Our contributions are increasing year by year. The call is louder and clearer than ever before. Nations are in commotion. The morning light is breaking and the darkness will soon disappear.

We urge upon the churches to increase their contributions that the work may be enlarged and the workers increased.

We recommend to our members the Foreign Missionary Journal, published at Richmond, Va. It contains valuable information, and will be an incentive to the work among the churches.

Respectfully,

T. C. ECTON.

REPORT ON HOME MISSIONS.

Read by Bro. Dawes Discussed by Bros. Powell and Adcock. Adopted.

The importance of the Home Mission work does not rest simply with the statistical returns of the work accomplished on the Home Mission field. It is in line with the great fundamental methods of the Holy Spirit as revealed in the book of Acts, which is the book of missions. When Jesus had accomplished his earthly ministry and had gone back to heaven, he left the gospel with the Jews. It was intended for all the world. Jerusalem was not fitted to be a center for the evangelization of the world. Her religious training left her with sympathies too narrow for such a great work. In a way that could have been wrought out by no power short of the divine, the great social chasm between Jew and Gentile was bridged and the gospel was preached by Peter, the apostle to the Jews, to the pure Gentiles at Caesarea. This was approved by the christians at Jerusalem. One more step was needed, the opening up of a new center, fitted for the eyangelization of the world. From this center the gospel was to go forth. Antioch was chosen. Her citizens were cosmopolitan, her sympathies went out to all the world. It was from here that Paul, the apostle, to the Gentiles, was sent out by the Holy Spirit on those great missionary tours that cairied the gospel to the known world. In the progress of the gospel, in its triumphant course, God seems to have shifted the center of the world's evangelization

and placed it in the United States Her citizens are from all the world. Her sympathies go out to all the world. Her fundamental principles appeal to all the world She does half the Foreign mission work of the world. She has the opportunity of evangelizing the foreigners who come here and send them back to their own people, the most effective of all missionaries.

Now, it tollows that if this country is to fulfill its God-given opportunity of world evangelization, it must, itself, be evangelized and the great incoming tide of immigration met with the gospel in such a way as shall lead them to Christ. If this is not done, she will herself become anti-christian. Hence the importance of the Home Mission work, both at home and on the foreign field. Home Mission work is thus accomplishing a two-fold result. Our Home Mission Board of the Southern Baptist Convention has its part in this great work. With each passing year it grows more and more important because of the rapid strides in the material development that is bringing so many of the unsaved within her bounds. The completion of the Panama Canal will complicate this already perplexing problem.

We rejoice that the Baptists of the South are appreciating, more and more these increasing responsibilities. Every year they are giving more of their means. Last year they gave nearly \$350,000 for this work. God is blessing it. 50,000 members were added last year, to the churches served by the missionaries of the Southern Baptist Convention. Both contributions and additions have been trebled within five years. But the work yet to accomplish is tremendous. West of the Mississippi there are 3,000 homeless. Baptist churches. All that we give for Home Missions could be profitably spent in the cities of the South alone.

By far the most profitable returns of all the money given by our Southern Baptists came from that which is given to the work of Home Missions. Let us give more largely than ever before to this great cause.

B. A. DAWES.

REPORT ON DISTRICT MISSIONS.

Read by Bro. Brock. Discussed by Bros. Brock, Harris and Tilford. Adopted.

Your committee would first of all invite your attention to the fact that the fundamental work of this Association is that of District Missions. The conquest of the "Blue Grass" for the Lord and His truth is our main business as an Association. This attainment is our greatest contribution to State, Home and Foreign Missions. Has this fact received a due recognition at our hands?

We believe that our District Board is worthy of our highest confidence and support. They have done their best with the means at hand, but during the past year they have spent less than \$800 on District Missions. We would suggest that a far greater sum than this should have been expended on the city of Lexington alone. We recommend that so far as possible, every strategic point in our bounds be occupied. Let us take Lexington, for instance. Its proclimity to Georgetown College would make it possible to man that city with an efficient

system of missions. Without a concentration of interest in that city our cause must suffer. We would not disparage any other point—there are other places that need our help. But, believing that Lexington is the place of greatest need and the most strategic point, we would recommend an aggressive campaign and a concentrated effort for the conquest of that city.

Respectfully submitted, FIFTH STREET BAPTIST CHURCH.

REPORT ON MINISTERS' AID.

Read by Bro. Hughson. Discussed by Bros. Hughson and Maddox Adopted. This committee is not in possession of statistics on this subject, so will have to report generally.

There are two causes that enter into the financial impotency of aged ministers:

- 1. The meagerness of the salary of the minister even in his most product iye period.
- 2. In all denominational benevolences the pastor is regarded as a leader and his gifts are often beyond his ability.

These two causes combined land many ministers in old age with no adequate means of support. The denomination is responsible in a large measure for these causes and should give relief from the resultant conditions. If this be not done the only course left to a self-respecting minister is to divide his energies, during his productive period, giving a part to the ministrations of his office and a part to secular affairs. But no man whose attention is thus divided can succeed in the ministry. So the only proper course is for the church to give better salaries, or support the old minister.

OTIS HUGHSON.

Moved that Dr. Dawes be requested to write a resolution on the death of Bro. J. K. Nunnelley. Adopted.

RESOLUTIONS ON THE DEATH OF BRO. J. K. NUNNELLEY.

During the past Associational year it has pleased our Heavenly Father to call to his reward one of our best loved members and ministers of the gospel—Rev. J K. Nunnelley of Georgetown.

We wish to express our appreciation of his faithfulness to our denomination

at large by the service that he rendered during his efficient occupancy of the office of Secretary of the General Association; by his love and devotion to Georgetown College; and by his consecrated Christian life in the ministry. In doing this we desire that this resolution be soread on the minutes of our Association and that a copy be sent to his bereaved companion.

B. A. DAWES.

Moved that Committee on Digest of Letters and Apportionment of the churches for Foreign, State and Home Missions be appointed on the convening of the Association each year.
