J. B. WOOD, Treasurer.

Mission work of J. B. Wood in Natchitoches Parish July and August, 1920: On the 3rd of July I began, on my

own initiative, to visit all of our churches in Natchitoches parish, which I had seen for years was badly needed and never more so than now. I soon saw that it was a stupendous task to be done in so short a time. But after consultation with our Executive Committee and the President' and Secretary of our State Board, I determined to push it all I could.

The following are the results:

1—Not fewer than seven churches promised to be here that, in all probability, would not have been had I not gone after them.

2—I have visited nineteen churches and have communicated with four others by members of each one of them, and communicated with two others by letter.

3—Have labored forty-six days; preached thirty sermons, and delivered nine addresses and organized one Sunday School and one prayer meeting, and helped to locate one pastor in a field. Have traveled 275 miles, have had personal, heart-to-heart religious talks with more than forty persons, prayed with several families. Have received from the field \$45.89 above expenses and from our State Board \$50.00. The Lord has wonderfully held me up in this arduous work, for which I praise His Holy Name. The time was too short from the time I commenced until our Association to do the work as it should have been done.

(Signed) J. B. WOOD.

#### **B. Y. P. U. and S. S.**

We, your committee on B. Y. P. U. work, are glad to find that in bringing you this report we have six B. Y. P. U.'s, whereas, last year none were reported. We recommend that each church, as soon as it is practical, organize a B. Y. P. U., for the B. Y. P. U. is the training service in a Baptist church for its young people. If we are to have efficient leaders in our church work tomorrow we must train today. We further recommend that the B. Y. P. U. be heartily endorsed as a vital asset in our work for the Master.

And we, your committee on S. S., make the following

report: We find all the churches which have reported have a Sunday School. Each school reports baptisms. The Sunday School is not a separate organization from the church, but is the teaching service of the church. Every member of the church is a member of the school and those who are not church members should be interested in the Sunday School. Therefore the Sunday School should have a larger membership than the church.

We recommend the Convention Normal Manual and the abolishing of Union literature and organizations. We further recommend the organization of Associational Sunday Schools by Bro. Howell, our State Sunday School Secretary, and that a time be set for said meeting. We recommend graded Sunday Schools wherever practical.

R. S. JACKSON,  
MRS. N. A. STILLE,  
J. E. HINCKIE,  
ARTHUR ROBERTS.

Spoken to by R. S. Jackson, Arthur Roberts and Rev. J. E. Hinckie. Adopted.

### Orphans' Home

We, your committee on Orphanage, report that our State Baptist Orphanage work is in a prospering condition.

No. children in the home at present.....	128
No. boys .....	65
No. girls .....	63
No. received since one year ago.....	43
No. in public schools.....	115
No. baptized this year.....	35
Number being Religiously trained.....	128
Cost per child for June.....	\$14.13
Cost per child per day.....	47c

(This includes the greater part of the clothing, as but few societies still clothe children.)

The committee appointed at the last State Convention to select and buy a farm, selected one of 430 acres four miles east of Monroe. This land is in cultivation and will yield 1 bale of cotton per acre. We hope it will grow enough

feed and grain to support the children and feed the stock. Also it may teach the children to be self-supporting. Cottages will be built, each to accommodate about 30 children, at a cost of about \$2,000.00 per cottage. One brother asked to be allowed to build a memorial cottage for himself and sister. We hope he succeeds in this wish. One death reported in the home this year.

A. S. ROBERTS,  
W. M. SMITH,  
W. J. ROSS, Committee.

Spoken to by W. M. Smith and E. K. Shults. Adopted.

#### **Ministerial Relief and Annuities**

We, your committee, submit the following: That our aged ministers, wives and orphan children of this beloved State should receive our support, sympathy and prayer. These aged brethren who worked faithfully in laying the foundation for the work of Christ in the State should receive our hearty support. Some worldly institutions are even caring for their aged and faithful employees. We should not only strive to emulate other Christians and worldly institutions, but should furnish those old heroes of faith the support they richly deserve.

The above Convention Board, located in Dallas, Texas, known as the Relief and Annuity Board, has taken over the work done formerly in our State. The beneficiaries are receiving their checks in proportion more than they were before the Board took them over. They are paid monthly instead of quarterly and receive from \$10.00 to \$25.00 per month. At present an average of \$174.00 each year.

We recommend that our churches take these questions seriously and prayerfully to heart, that our aged ministers do not suffer during their last days here on earth.

OLIVER ROBERTS,  
R. J. ROSS, Committee.

Spoken to by Dr. C. E. Perryman and E. K. Shults.

Announcements.

Adjourned 5:30 p. m. Dismissed by Dr. C. E. Perryman.

Sermon at 8 p. m. by J. E. Hinkie.

**Friday Morning 9:30**

Called to order by Moderator. Devotional services by Bro. F. Jones, followed by prayer.

**Temperance**

We, your committee on Temperance, report that we consider the temperance question, so far as the manufacture and sale of intoxicating beverages are concerned, as settled by law, but it needs the help of all good citizens to enforce the law. And we, the Natchitoches Association, stand uncompromisingly to enforce this law.

J. B. WOOD, Committee.

Spoken to by Dr. C. E. Perryman. Adopted.

**Publication and Education**

Your committee on Publication reports:

1—That the Baptist Message ought to be in every Baptist home in the State.

2—That every Baptist church in our Association appoint a member to strictly look after subscriptions to our paper. We say "our paper" because our State Convention owns and controls it.

3—That our members be urged to take the Home and Foreign Fields and Royal Service.

4—That our Sunday Schools use our own literature.

J. B. WOOD.

Education: Your committee is glad to report that our College in Pineville is making fine progress. The school is only 14 years old, but has grown from a school of only a few students with a property worth practically nothing, to a student body of 350 and a property worth \$250,000. Plans are now on foot for an administration building, which we hope to see completed within the next few months, which will be second to none in the whole Southland. Worthy ministers will be given financial aid.

Then our B. B. I. at New Orleans is the greatest school of its kind in the world for its years. We think of it as a

child of Providence. One of the very best faculties that can be had reigns there. There was a regular student body of some two hundred and a special student body of one hundred during the past year.

We recommend that every minister who finds himself too old, or incapable to take a college course, strive to spend a year or two at the B. B. I. Both the Louisville S. and S. W. S. have had the greatest year in their history. We are glad to report that signs of God's richest blessings are upon us in all of our educational work. The Arcadia and French Academy are doing the greatest work for the French people of the South.

B. F. JONES,

J. E. HINCKIE, Committee.

Spoken to by J. E. Hinckie. Adopted.

Adjournment.

1:30 p. m. Reassembled. House called to order by Moderator. Devotional services by W. M. Smith. Prayer.

### **Missions and Hospitals**

Hospitals: In Louisiana we have one Hospital, located at Alexandria. There are four buildings with a bed capacity of seventy. There is a well equipped X-ray and laboratory room. The average monthly income for the past year has been \$5,000.00. Dr. R. P. Mahon has retired from the management and Rev. D. R. Pevoto has assumed the duties of superintendent. The Hospital is worthy of our patronage.

Missions: Practically all that needs to be said on the whole subject of Missions can be said under the general head of the Seventy-five Million Campaign. In this great drive, launched at the Atlanta Convention to raise \$75,000,000, we perhaps secured this amount on the first day of the drive, and, at present more than \$90,000,000 has been subscribed. The late war taught us two lessons. The fact that we can do big things and the how to do them. The putting on and putting over of this drive has meant new lift to all of our work, from the smallest country church to the great enterprises of our Boards, State, Home and Foreign.

In all this advance perhaps no State ought to feel more grateful and rejoice more than Louisiana. We have been and are yet a real mission field.

We have failed, so far, to raise our quota, but have raised the splendid sum of \$3,002,163. Out of this sum we are to spend for State Missions \$87,000 per year for five years. We have aided in building fifteen churches, added to the salaries of fifty pastors, employed eleven evangelists and singers, four W. M. U. workers, and two each B. Y. P. U. and S. S. workers. We also have fourteen French and five Italian missionaries. Total workers of all kinds, 124. Number of baptisms reported through these agencies last year, 1,425.

The work of the Home, Foreign and other Boards has increased in like proportion.

Our task now is two fold. First: To collect the money subscribed. Second, to see that every new member received and every old member not enlisted already make a subscription.

We would suggest that the pastors and churches keep regularly and systematically at this work. Get a subscription from every member, then collect it promptly as due. When collected, have church treasurer send same to State Board treasurer at once. Send all amounts in the name of the church and also give name of association.

We heartily recommend that all of the churches in the association observe Victory Day, November 28. Plan ahead and put on the drive anew. See every member enlisted. Do not stop until all are enlisted.

E. K. SHULTS, Committee.

Spoken to by Dr. C. E. Perryman. Adopted.

### **Woman's Work**

We, your committee on Woman's Missionary Union, report as follows:

Number of W. M. S. organizations, 4.

Number of Circles fostered, 2.

Number of Y. W. A.'s, 2.

Number of Sunbeams, 1.

By the assistance of Miss Octavia Allen the W. M. U. of Natchitoches Association was duly organized September 3. Mrs. D. C. Scarborough, of Natchitoches, unanimously elected Assistant Superintendent. The following resolutions adopted: First, That W. M. U. hold two yearly meetings, one in June, day and place to be named by Superintendent, and one regular Associational meeting. Second, That Royal Service and Home and Foreign Fields be subscribed for by our women, as these magazines contain programs for our various organizations. Third, That we make a renewed consecration of our whole life to the service of God, that Divine Love may be working out His purpose for His world, and, through the women may release the greatest unused energy of the church. Therefore we must plan, pray, and work together in the unity of the spirit in our common task.
