A Kindly Reminder of the Crisis Confronting Our Home and Foreign Boards.

The receipts are less than they were at this time last year. We have time enough to turn threatening defeat into a glorious victory. (Broadway church, this city, gives \$5,300 to Foreign Missions!)

Our Urgent Request.

A burning sermon on Missions and a worthy contribution from every member. *Each church must advance over last year. We must have before midnight, April 30th; for Foreign Missions \$23,000, Home Missions \$23,000.* The way out is to get to work in earnest.

No. 12.

THE PRESENT GRAVE SITUATION AND EMERGENCY OF OUR HOME AND FOREIGN BOARDS.

Seven hundred thousand dollars is no small amount for the Baptists of the South to raise in the month of April, though it can be done, and it should be done. Literature setting forth the needs of the field has been sent to every part of our State. New supplies of literature can be furnished on demand. Pastors must preach on the subject and should gather their leading members in private consultation and set before them the urgent needs of this all important work. Then after an earnest sermon the offering should be taken. Really the offering for Home and Foreign Missions should be taken at separate times. There is great loss to either interest when both are taken at the same collection, but if there is not time for two collections, then one must be taken, followed always by an active canvass from a live committee, who will see that every member of the church, and every friend of missions is given an opportunity to give an amount which would correspond to the obligations now resting upon us. Only united, concentrated action can save us from the dismay and disgrace of defeat. The weather conditions for months have been unfavorable to good contributions, but the entire amount of \$28,000 for the Foreign Board and \$24,000 for the Home Board can be secured in the remainder of this month if only proper effort is put forth.

This is no time for us to beat an inglorious retreat. The conditions along the firing line call for a mighty forward movement. The dauntless Ginsburg on his field in Brazil reports for the present year 1,000 baptisms. An obscure and unknown native worker in China has baptized more than 400 people the present Conventional year. The news from every part of the field is

most encouraging. Even the awful revolution in China means much for the furtherance of the gospel in that, the largest nation on the globe.

Godly men and women must be unremitting in their prayers, untiring in their endeavors to bring in the funds to support the noble work of the Home and Foreign Boards. The failure to do our best, at this juncture, both in giving and in inducing others to give will bring upon us the merited reproach of our fellow laborers and withhold from us the smile of approval of our blessed Savior. The eye of the Master will rest upon us during this strenuous canvass. Our success in past years has been most gratifying. The enlargement of our gifts has revealed a healthy condition. And, now, when the sacrifices of the missionaries have been so great and heaven's rewards upon their labors have been so abundant, we must think of nothing but meeting the full measure of our debt and not cease striving until the word "victory" is heard along the entire line. The situation is certainly grave. There is a financial peril overhanging both the Home and Foreign Boards. Our great Commander has a right to expect of us implicit obedience to His final orders.

The success or failure of our effort to secure the funds needed to complete the amount that was offered by Kentucky to Home and Foreign Missions, depends on the faithfulness of our pastors and the activity of our Missionary Committees in each Association. Every church must be visited and a gift solicited for this great work. Courage and zeal for the work will bring us a mighty triumph, in this hour of anxiety. We must light the fires of prayer on every hill-top that will bring to us Divine help, without which success can be obtained in no enterprise. Our ability is of God.

... EDITORIAL ...

The work of our Home Board is many sided, every one of which is of sufficient importance to command all of the time, energy and means at their disposal. They are dealing this year with several interests that call so loudly for immediate attention and help. No feature of the work is more full of encouragement and can show better results than the work of the twenty-eight Mountain Schools, located among a population of three million people, native born Americans, who occupy our mountain regions. This, like all growing works, calls for enlargement, but at the present moment the Board must be considering seriously retrenchment, unless the brotherhood stand faithful and true, by this great educational enterprise.

The churches today which are supporting our Foreign Mission work were once planted and nourished by the emissaries of our Home Board. It has been well said, "Saved America holds the key to world saving." The Home Board, through its evangelists and missionaries is generating forces and powers that shall project themselves into all lands and among all people.

The Home Board has on its hands two all-important opportunities, the emigration problem and the immigration problem. The foreigner comes to our hospitable shores, steeped in ignorance and superstition, expecting to enjoy our climate and the marvelous opportunities of accumulating wealth and then return in a few years to enjoy life in his homeland. The Home Board missionaries undertake to get hold of him and lead him to Christ, and send him home bearing that which is far more important than silver and gold, to sustain him through life and also to bear the best of all news to benighted and ignorant loved ones in the far away homeland. It is an all important question; shall our foreigner return to the homeland unevangelized, a stranger to Christ? Much depends for the answer on the faithfulness of our churches in supporting this all important work.

We must push the matter of organizing new Sunday Schools in destitute fields.

Foreign Missions are now occupying the thoughts of our people and churches as never before. The barriers which hindered the progress of the missionary of Christ have nearly all been broken down in the kind providence of God. The doors are wide open and invite us to come in and reap a mighty harvest. Our missionaries and native workers are godly, consecrated men and women who are untiring in their labors and eminently successful in bringing multitudes into the fold of Christ. Many of them are overburdened. Some are undertaking to do the work of three people. This means in the course of years a nervous breakdown or the shortening of their earthly pilgrimage. This would be all right were it necessary, but it is not. Reinforcements can and must be sent, but first we must show our willingness and faithfulness in supporting those who have gone to the front. They are choice spirits. They have ignored the comforts and luxuries of life, personal ambition has been thrust in the back ground, they have gone into the dark places to make glad the hearts of people beset by sin and superstition, as they told of the emancipation of mind and soul which comes through Faith in our Lord Jesus Christ.

The present revolutions in China and Mexico are but the manifestations of the leavening power of the gospel, which ultimately makes men and women dissatisfied with their environment and brings that soul liberty which the Lord has decreed as the life heritage of every human being.

These changes and revolutions are invaluable to the glorious advancements of the Redemer's Kingdom.

"Am I my brother's keeper?" Most assuredly. No nation, as well as no man, liveth unto itself and no nation as well as no man dieth unto itself. We are responsible for the enlightenment and salvation of our brethren who are in distress and down, and who needs that hope of life which comes only through the ministrations of the blessed gospel of the Son of God.

We have many encouragements in our Foreign work. Many of the great leaders that brought victory to Japan and many of the leaders who are responsible for the empire that is just being established in China, with a republican form of government, are

native Christian men that have been educated in our Mission schools. They have come under the benign influence of the gospel of the blessed Son of God. They are now great factors in the making of a new and better nation of their respective countries. Many strong and wise native leaders are rising up in each foreign field to carry forward the work. The churches on the foreign field, year after year, put us to shame by their generous liberality.

The great want of our churches today is not more passengers but a more effective crew; not a band of warriors looking on with interest while David fights Goliath, but an army which will follow David into battle and will help to bring about a marvelous victory, men who will utilize all their powers and energies for promoting the Kingdom of Heaven.

Our Foreign Board has 273 missionaries on the field and 531 native workers, making a total of 804 workers. The Board has recently taken over some important work that was previously done by the Northern Baptists in Japan, very much to the advantage of the Board. We are undertaking to do it, but it required a necessary outlay of more than \$17,000. Nearly half the force of the Gospel Missionaries in China have very wisely applied to our Foreign Board to receive them as their missionaries, convinced that the methods they had undertaken to employ were inadequate and that the plan of the Board was the wise one for the evangelization of this country. The Board has very wisely taken over all those who gave promise of being useful and effective workers. Some Baptists in different parts of the foreign field became convinced that the views held by Southern Baptists were better than those held by Baptists in some other parts of the world and have asked our Board to take them over. This increased the burden, but it all means growth and prosperity and we should gladly undertake the support of these extra burdens and loyally stand by our Board.

The Southern Baptist Convention meets in Oklahoma City, at 3 p. m., May 15th, 1912. All persons who wish to go from Kentucky as messengers, who are in full fellowship and good standing in their churches, should send their applications to Dr W. D. Powell, 205 E. Chestnut St., Louisville, Ky.

The railroads have made a rate of \$30.50 for the round trip from this city. It would be helpful to read carefully the advertisements of the different roads in this issue of the Mission Journal. It's hoped there will be a large delegation from Kentucky.

NEW SUBSCRIBERS FOR OUR MISSION JOURNALS.

April is a fine month for our friends to bestir themselves to help us to increase the circulation of our Mission Journal, which is such an important factor in stimulating interest and enthusiasm for Missions. It tells of the work on the field, it publishes the receipts from all sources, and should be in every Baptist family in the state. It costs only 25 cents per annum.

We furnish the State, Home and Foreign Journals for 60 cents, but the subscriptions should always be sent to this office. It creates confusion and often causes unnecessary delay, to send these subscriptions either to the Home or Foreign Board.

Let pastors and Mission workers take note and govern themselves accordingly. Send us a good list of new subscribers at once and get all the old subscribers to renew.

PRAYER.

Our people must be much in prayer during the month of April. Our people must know that prayer is the greatest force on earth. The early disciples realized this more sensibly than we do and hence their cry of "Lord, teach us to pray!" If prayer is anything, it is everything.

The funds for our great work at home and abroad will never be given unless there is earnest pleading at the throne of grace for divine help in this, our hour of need.

OUR AIM: ONE THOUSAND NEW SUBSCRIBERS FOR THE KENTUCKY MISSION MONTHLY DURING MARCH AND APRIL.

MISSION MONTHLY.

SPECIAL APPEAL No. 5.

With gratitude we report that the good work of increasing the circulation of the Mission Monthly is steadily growing. The State Board committed this work to us, and we called upon the best workers, the Baptist Women, to help us, agreeing to pay them 10 cents for each new subscription at 25 cents per year.

Several sisters are thus at work and thereby make money for missions or other good causes. Will not every woman take part? Will not all pastors and Sunday School Superintendents invite them?

Sincerely,

THOS. D. OSBORNE,

M. E. DODD,

J. F. GRIFFITH,

SUNDAY SCHOOLS.

FAMINE.

China's famine sufferers are being relieved by American missionaries in Northwestern Persia. They write that conditions of famine and destitution prevail in Tabriz.

The city has been in a state of semi-seige. Business is at a standstill and thousands are out of employment owing to the war. Many are begging for bread in the streets.

AFRICA.

The Scandinavian Alliance Mission (Swedish Branch) at Piet Retief, Transvaal, South Africa, is making an effort to build a church with class-rooms for native workers. The mission is making excellent progress.

BOASTING

The man who is always boasting about giving is not as tiresome as the man who is always excusing himself for not giving.

INDIA.

A missionary writes "There are at Pandita Ramabai's Mission at Kedgaon, India, at the present time 500 Christian women trained and ready for preaching work. They are conversant with the customs and language of many provinces of India."

MORMON MISSIONS.

The usual way is to send out missionaries while the people at home support them. The Mormon way is to draft men for service varying at length from two to four years, making the honor of the "call" to missionary service a high one, and leaving missionaries to supply themselves, out of their own funds, or those of their friends.

CATHOLIC MISSIONS.

The Society for the Propagation of the Faith, the chief volunteer missionary organization of the Roman Catholic Church, with income and workers so great as to make it rank as a principal Christian missionary agency of the world, finds its income somewhat reduced owing to the condition obtaining in France.

KENTUCKY SUNDAY SCHOOL NOTES.

We call attention at the outset to our Teacher Training statement. We are still in the lead, having more Normal Diplomas, more Red Seals and more Blue Seals than any other State in the South. Several other States where a number of colleges are teaching large classes, as well as the Sunday School Secretary doing the same, will issue a large number of Normal Diplomas during the month of April.

Will every pastor and Sunday School worker in the State see that any and every person in reach of him doing the work finishes his or her book in time to have their diplomas issued at the Nashville office not later than the last day of April? They will not count in our report to the Southern Baptist Convention, if not issued by that time. Let everyone finish that can possibly do so as we would like so much to maintain our place at the head of the list.

Now is the time for our pastors and Sunday School superintendents in the smaller places and the country churches to organize Teacher Training Classes. It seems that at least five hundred classes should be organized during the month of April. We shall be glad to furnish literature and do anything we can to help in projecting the work.

An Important Announcement.

We are glad to say that at the recent meeting of the State Board, Bro Newton T. Barnes, a young layman, was elected as Baptist Sunday School Field worker to take up the work in the eastern part of the State. He was for a number of years though quite a young man, a successful Sunday School superintendent and did a great deal of field work, giving his service free. For the past three years he was with the great Calvary Baptist Sunday School, of Washington, D. C. He will finish his course in Sunday School Pedagogy and Bible work in the Seminary this year and begin work

with us June 1st. He is a good, staunch Baptist, and is well equipped for the work.

Our Sunday Schools all over the State should rally to our State work and make large contributions for the support of our own Sunday School work. The Board is indeed very liberal in supporting the Sunday School work and our Sunday Schools must show their appreciation of the liberality of the State Board. There is no more loyal supporter of the Sunday School work anywhere in our Southland than Dr. W. D. Powell, Secretary of Missions in Kentucky, and we plead with the Sunday Schools of the State to contribute the money to pay the expense of our work, that we might make his burden lighter and our Sunday School work more effective.

Our Work During the Month.

We have conducted some very interesting meetings during the past month. We had a very fine week with Bro. J. S. Wilson and the people at LAGRANGE, Ky. The town was canvassed and the school graded. Bro. Wilson is doing a fine work at LAGRANGE and his people are very enthusiastic. A large class takes up the Teacher Training work under his leadership.

Another fine meeting was that at SOMERSET, with Bro. O. M. Huey, one of the greatest Baptist possibilities in the State. In a religious census of the town something like fourteen hundred people were found of Baptist preference. Very few men have done a greater work than has Bro. Huey, of Somerset. One of the very best church houses in the country was built there under his leadership. The Somerset people are very enthusiastic and even greater things yet may be expected from them.

We also enjoyed a week's work with Bro O. O. Green and his people at Versailles. Bro. Green is author of "Normal Evangelism," which, by the way, is the best book on Evangelism that has yet been read by the writer and we might say that we have read several in the last year on this subject. Bro. Green has led his workers to attempt large things for the Lord at Versailles. We greatly enjoyed our work with this excellent people. Bro. Minary, the superintendent of the Sunday School, is thoroughly alive

to all that is good in promoting the work.

The Lexington Training School.

Bio. Arthur Flake, Field Secretary of the Sunday School Board, joined us at Lexington, Sunday, March 24th, and beginning that afternoon at 3 o'clock, continued with us through the greater part of the week, from 4 o'clock in the evening until 9 o'clock at night, teaching and speaking on different phases of the Sunday School work. Luncheon was served from 6 o'clock until 7 o'clock by the good women. Much credit for the success of the school is due three laymen, who had the management of the meeting in hand, viz.: Brethren Smith, Bryan and Ware, all Sunday School superintendents.

The meeting was held in the First Baptist church, Dr. J. W. Porter, pastor, and the five churches of the city co-operating in the work. It was a very fine meeting.

Among the last diplomas issued by the Sunday School Board is one to Dr. J. W. Porter, D.D., editor of the Western Recorder, and pastor of the First Baptist church, Lexington, Ky.

Teacher Training Statement—April 1, 1912.

Kentucky now has 1,332 Normal Diplomas, 112 Red Seals, and 84 Blue Seals. Georgia, North Carolina and Texas are closing up on us and any one of the three may displace us at any time.

The following Blue Seals were issued to Kentucky people during the month of March:

Rev. Robert F. Doll, Ashland, Ky.; Miss Ida Perkins, Cobb, Ky.; Mrs. K. P. Vander Veer, Louisville, Ky.

One of the latest classes organized is that of the Junior Baraca Class of the Walnut Street Baptist church, this city, and is being taught by Mr. Paul Powell. Mr. Powell is an active young business man of this city, and was a member of the Senior Baraca Class of the Walnut Street Baptist church when that class took up the Teacher Training work, which they will soon complete. He is a son of Secretary Powell.

We received sometime ago a little notice regarding the Sunday School at Gregory, Kentucky, which is very interesting. This school began the year with an enrollment of sixty-two. Their enrollment in September was 122. Bro. W. C. Denny is the very worthy superintendent of the school. This is a country school and is said to be one of the very best in that section of the State. It is in the Big Sinking church. Bro. Denny is very enthusiastic in the work and is studying to better equip himself to lead his school.

In a recent protracted meeting in the Baptist church at Lewisburg, in Bracken Association, conducted by Associational Evangelist N. F. Jones, thirty-two were received into the membership of the church. Twenty-eight of these were members of the Sunday School. This is just one of many such instances that have come to our attention recently.

BUSINESS METHODS IN MISSIONS.

Dr. T. B. Ray has written a strong tract on this subject, which all our mission committees should read, and all specially interested in collecting money for missions. The motto is:

- Every member
- Contributing,
- Every cent
- He ought,
- Every week
- To send the Gospel
- Everywhere.

Now that we have only two or three weeks in which to give for this year's expenditures, we can no longer depend on the regularly weekly giving that is so important all the year round. We must send out an emergency call:

- Everybody give
- Every cent she can,
- Every day in April,
- For work in every land.

Presidents, Secretaries and Treasurers are urged to use their best endeavors in collecting and promptly forwarding money for our various objects. The Home and Foreign Boards have a right to expect our full apportionment. And the Training School depends on us women for its support and to carry on the enlargement fund. If we fail in doing our part, there is no Board, or other body to whom we can look. Kentucky has always shown great interest in the Training School, and we reap more benefit from it than any other State. The mission work the girls do is a lasting service to Louisville, and the whole State.

The presence in our midst of the student body, and the Principal, Mrs McLure, is a matter of great thanksgiving. Shall we seem thankless by falling short in our gifts to the School?

April 25th is the day our books close; let us continue in prayer and earnest effort that we may not fail in giving to all the Boards our just share.

The Sunday School Board asked us for only one hundred dollars, to furnish Bibles for those who have no money to buy ,and even this small amount is in danger from forgetfulness. Let us count our many blessings and balance them with gifts of love to our Lord, to spread abroad His name throughout the world.

DELEGATES TO W. M. U. at OKLAHOMA CITY.

The first name to be sent in is that of Mrs. R. H. Tandy, of Greenville, who sends also the good news of a Y. W. A. just begun. We welcome Mr. and Mrs. Tandy back to Kentucky, feeling sure they will help our every good work. Who else will go? May 15th is the date, so send on your names. E. S. BROADUS.

YOU!

Can't you give some of your time during the next three weeks and help in the work in your Association? One woman writes: "I can not go, but I can use my phone." Several of us are spending certain hours each day trying to work up the interest in our Association and we are pleading for larger gifts." If you have no telephone, a letter or a post card from you might have untold influence in the work. If every W. M. S. in the State would organize one new society, we would have at least 500. That is not an impossible task. is it?

A WOMAN'S MISSIONARY SOCIETY

In many communities our Missioary So cieties have established reputations as money-making and moneybegging organiza tions and the great things for which the

OUR AIM: ONE THOUSAND NEW SUBSCRIBERS FOR THE KENTUCKY MISSION MONTHLY DURING MARCH AND APRIL.

work was first established are entirely lost sight of. What are those things? Bible Study. Study the needs of the Field, Prayer and giving (not getting, but giving as God has prospered us, for the coming of His Kingdom). Any church that has in it a band of women who are coming together for real study and prayer with helpful programs that have been carefully prepared, has in it a wonderful leavening force.

Our W. M. S. should plan definitely to reach every woman and child in their church. Are you sending literature, interesting leaflets and your Mission Study books to the "Shut-ins?" If your society meets in the afternoon, have you a circle that meets in the evening for women who are employed during the day? Have you Bands for the children so that among the first impressions made upon the little minds shall be that of love for the Mission Cause? Do you know the Needy and the needs of your neighborhood? Are your women tithing and winning lost souls to Christ in your own town? Every woman in a W. M. S. should and can be a "Channel of Blessing," with the line to the Great Reservoir cleared through prayer and study of the Word, so that His power may flow into her; then the outgoing channels must be cleared too,—cleared through self-sacrifice and love—so that the healing streams may flow on to the thirsty, sin-sick souls. Do not let the fact that you are helping to send some one to tell the Story to lost souls in heathen lands blind you to the fact that it is your duty to tell the same Story to the soul that is just as much lost in your own town.

HONOR ROLL OF ASSOCIATIONS.

Bell Co. and Goshen Associations have given more than they were asked for. West Union has sent in all except her apportionment on Home Missions and a letter from their Vice-President, Mrs. Benj. D. Hill, says that that offering will soon be sent in.

Several Associations, however, who were asked for large sums, have sent in no report to the Office all year. So some of us will have to give more than was asked of us if we covet for our Ky. W. W. M. the thing that we should, and that is a perfect report. Send in your gifts at once and let us see how many names we can have on our Honor Roll next week (see the State papers). All money must be in by April 25th.

HAVE YOU?

I have never yet been in a church with broken windows, dirty carpets, and creaking benches whose women said "We gave so much to Missions last year that we could not properly care for Our Lord's House," but I have been in churches just like that where not one cent had been given to outside work, because, you know, "There is so much to be done at home," and yet surroundings cried out to the casual observer that nothing had been done at home either. I have seen that, have you?

Others are saying "The Evangelization of the World, so far as we are concerned, will have to wait until our church debt is paid, or until we get new carpets, or walks, or benches." Jesus says "Seek first the Kingdom of God!" How much have you given this year for the Lord's work?

“CHURCH DISCIPLINE”

BY

J. D. MADDOX, M. D.

Secretary Baptist Ministers' Aid Society of Kentucky.

WHAT SOME THINK ABOUT IT:

“I have read your valuable production, “Church Discipline,” with interest and profit. It is a booklet which every pastor should have, and not only possess, but use. I wish for it the widest possible circulation.”—WM. D. NOWLIN.

“This day I have re-read your tract on ‘Church Discipline,’ and am greatly pleased and edified. It is timely, clear and strong. In this day of laxness, both churches and preachers need it.”—A. S. PETTIE, D.D.

“I read the book very carefully. I find it is made of strong, intelligent, well-arranged Scriptural grounds, and it fills a gap in our Church Polity much needed in this loose age and mad rush for numbers, rather than quality among Baptists. Hope you will enlarge and reprint it. I feel that then it would become a standard work on the subject.”—J. W. WALDROP.

“A tract of 47 pages, by Dr. J. D. Maddox, of Owensboro, Ky., came to me this morning. As I was planning a big and busy day’s work, I read the preface and first paragraph, intending to take a taste and read it at a more convenient day. But I did not stop till I had read to the last word. My judgment is, while the spell is on me, for I have just finished the reading, that it is the best document on the subject that I know anything about. I wish every pastor would take the best Sunday hour and read it, with a little comment, to the church, and to the world assembled with it. In the present and general condition of things, it would do more good than any sermon he could preach, and the church and cause is entitled to the best service he can give. Get ‘Discipline’ before your churches ere they die.”—J. B. MOODY.

“‘Church Discipline,’ by Dr. J. D. Maddox, is a most timely and able treatise on this greatly neglected topic. It is clear, concise and Scriptural. In this age of visions, movements, conventions, clubs, and union fads, it is frequently worth a pastor’s reputation and position to ‘contend earnestly for the faith,’ to teach doctrine, preach the Word and warn men against the delusive doctrines of false teachers. The book defines ‘Discipline,’ treats of the Trespasser, the Disorderly, the Heretic (and, oh, how many there are who ‘pervert the right ways of the Lord’), the Pastor’s Duty, Gross Immoralities, Special Instructions, Opinions of Able Expounders of the Word, Illustrations. The whole treatise shows the wisdom and safety of both the church and individual, who heeds the Saviour’s warning, ‘Abide in my Word.’ If every Baptist in the land would read and heed its teachings, incalculable benefits would accrue to our churches.”—J. G. BOW.

A member of one of the leading District Mission Boards in the South says: “Our colporter has sold 24 copies of your book on “Discipline.” He is anxious to push its sale. What can you furnish them to us for? Give your best rate including freight.”
