### Missionary Literature.

We believe in the use of the printed page at this office. It would be difficult to overestimate the importance and value of this department of our work. During the "dry" months like June and July it would be well for Pastors and Missionary Societies to make judicious use of tracts and leaflets setting forth the value and importance of the work we are undertaking to do. We will be very glad to furnish them on request.

The Denominational Weekly stands at the head of all potent agencies that may be used by those in charge of our Baptist enterprises. We could not too strongly insist that Pastors and Missionary workers shall be diligent in their efforts to increase the circulation of our valuable denominational papers.

Our Mission Journals support and have an important part in the stimulating interest in State, Home and Foreign Missions. We had thought of discontinuing the Mission Monthly, but there is widespread opposition to its discontinuance. It costs but a trifle and bears information that is appreciated especially by our women. The three Journals should be in every home and ought not in the least degree interfere with the circulation of the Baptist weekly.

Our Home Board has 27 evangelists who report 12,673 baptisms and 17,057 total additions to our Churches.

Pack your suit case, throw aside worries and that tired feeling and determine to attend the Georgetown and Russellville Assemblies. You will derive great benefits in mind, body and soul. Your nerves will receive a stimulating tonic and a vitalizing spirit of energy, enthusiasm and optimism

will come over you. You will return to your field of employment and while accomplishing more in your daily occupation, you will be better prepared for work in all of the splendid departments of Church work which are now open to the intelligent Baptist. You will hear many of the best speakers. The cost has been reduced to a minimum and the benefits conferred have been increased to a maximum. You will make a mistake if you do not plan to attend. I have secured a rate of two cents a mile each way from the railroads to both Assemblies.

### The Lost Talent Found.

Some one-talent brother at Eminence went and buried it in the ground but Bro. E. L. Burton while out digging post holes found it and remembering the story of the buried talent sent the silver dollar to us with the prayer that it would multiply bountifully and to insure its doing so he added four dollars to it to help it along. We trust that others in these days of such stressing need who cannot find ways in which to aid us will go out and dig for talents which may be buried about their premises.

### GEORGETOWN COMMENCEMENT.

We laid down everything in the way of office work and went to Georgetown to be present at the graduating exercises. We are charmed with the splendid work that is being done by our great school. Dr. M. B. Adams and Bro. W. E. Mitchell have been very active in the past year, and the attendance has been very gratifying. The baccalaureate address was delivered by Dr. J. S. Kirtley, a distinguished alumnus of this institution. President Adams made a very thoughtful address to the fresh graduates. Many of these are ministers and several were the sons of ministers. Many pastors and their wives make touching sacrifices to

give their sons better advantages than they ever enjoyed, expecting them to do better in life than they have accomplished. This is a reasonable expectation. Education can not be a substitute for religion but it is a valuable handmaid. An ignorant man can love God but the love of an educated man is more intelligent and the efficiency of the latter is greatly increased. It is a trite but true saying that we must educate or we must perish. Georgetown College, Cumberland College and Bethel College, Male and Female, must have our ardent support. Pastors can render valuable assistance looking out bright boys and girls who ought to attend these, our denominational institutions.

During the month of June our Churches and Sunday Schools ought to make becoming gifts to the Baptist Children's Home at Glendale. Funds can be sent to Rev. W. M. Stallings, Treasurer, Smith's Grove, or to Superintendent A. B. Gardner, Glendale. This valuable institution will be opened for the reception of children on June 23rd. A number of addresses will be made on that occasion.

I am compelled to turn down many invitations to dedicate Church houses. I must give some attention to other features of Church work. Some people seem to erroneously think that part of my official duties are to dedicate Church houses. This is not true unless the Church house is at some weak mission point. I am perfectly willing when my duties will permit, to render any assistance in my power at the dedication of Churches anywhere. My experience is that it is the hardest work that a man ever did.

#### Some New Recruits.

Some strong men have been added to our force of workers. Rev. J. H. Broom goes to Jackson; Rev. J. A. McCord to Pineville, and Rev. Jos. I. Arnold, after some special preparation at the best institutes in the East, undertakes work among the miners. He will have his headquarters at Denham.

The Church at Harlan have their eye on a strong man. Bro. James, a valuable man from Tuscaloosa, Ala., goes to labor in Leslie County. Miss Minnie Berry becomes one of our field workers for the women, and Miss Masse will teach at Hyden. Rev. A.

O. Allison has just gone to West Liberty and Morgan County. Our desire is to take Kentucky completely for Christ and the truth. We have much unoccupied territory.

Those wishing copies of the Minutes of the Southern Baptist Convention should send five cents to this office to pay postage. These Minutes ought to be distributed and read. They are full of inspiration and information.

#### THE GEORGETOWN ASSEMBLY.

This splendid Assembly has become a well established institution with the Baptists in Central Kentucky. The session will be held this year from June 29 to July 6, and ought to be more largely attended than ever. The speakers and workers are of national reputation and everybody has come to believe Georgetown an ideal place for a Baptist Assembly. The railroads will give a two cent rate each way to both Assemblies. It will be well for those intending to go to see that their ticket agents have received proper instructions a few days before the time to leave.

#### The West Kentucky Baptist Assembly.

The West Kentucky Baptist Assembly will be held at Russellville July 6-15. There is a strong faculty, and five hundred Pastors, Sunday School officers and teachers, W. M. U. and B. Y. P. U. workers ought to attend. Dr. C. B. Williams, Fort Worth Seminary; Dr. H. L. Winburn, the eloquent Pastor of Walnut Street Church; Mr. C. S. Leavell, of Louisville; Miss Mallory and Mrs. Hinkle in the interest of W. M. U. work; N. T. Barnes, our splendid B. Y. P. U. Secretary; L. R. Scarborough, J. G. Mantle, M. E. Dodd, W. C. Taylor, our newly appointed Missionary to Brazil; Dr. J. T. Henderson and J. M. Price constitute the splendid faculty. Mr. J. F. Schofield will lead the musical program. There will be something valuable for everyone who attends.

These Assemblies are doing great things not only by furnishing entertainment of a high order but furnishing religious instruction and spiritual uplift which means much in the development of our forces.

**WANTED—One thousand renewals to the Three Journals.**

The Assembly at Dawson Springs has been well attended and has been followed with splendid results. They give vision and inspiration. The knowledge obtained will send the workers to their respective fields and classes possessing zest and relish for the various phases of Church work which they have never possessed. Board is furnished at a dollar a day, and more beautiful grounds can not be found in all West Kentucky. We recommend that everyone desiring to avail themselves of the unusual advantages which will be afforded to communicate with Elder H. B. Taylor, Murray, Ky., or Dr. W. M. Seay, Russellville, Ky.

**A Fruitful Worker.**

A few years ago it was our privilege to baptize Rev. F. Hardin at Corbin, Ky. He was soon ordained a minister and during the past six years there have been six hundred conversions under his preaching and he has baptized over five hundred converts. He has built several Church houses whose total value is more than \$16,000. He knows what real hard work is and we trust that the Lord will keep him humble and useful for a great many years to come.

It is remarkable how much ground our colporters and workers can cover when they so desire. Bro. B. F. Stamps started in a house to house campaign last week and in three days visited fifty-nine homes. He found seven without Bibles and New Testaments, sold four Bibles and seventeen New Testaments and six books. He distributed tracts and gave away two small Testaments. The value of the books sold was \$10.25.

Two of our workers, brethren Duke and Williams, have recently held a tent meeting in a very difficult neighborhood. They preached fifteen nights. There were no visible results, but the seed sown will tell in the years to come.

Campos, Brazil, reports 464 baptisms the past year. The times are hard, yet the natives gave this year \$15,000.

**A GLANCE AT SOME OF THE LABORS PERFORMED BY OUR STATE WORKERS DURING THE MONTH OF MAY.**

The months of May and June are not favorable to results than can be tabulated.

O. J. Cole held 32 services and delivered 42 sermons and addresses. He did some good work at Pleasant Grove in Warren Association where he located a pastor and secured \$75.00 on pastor's salary and raised money to meet some local expenses and is now in a Church to Church Campaign in Barren River Association.

### TITHING.

#### BIBLE WORDS.

"He that hath a bountiful eye shall be blessed."—Solomon.

"It is more blessed to give than to receive."—Jesus.

1. God claims a portion of our substance.

And all the tithes of the land, whether of the seed or of the land, or of the fruit of the tree, is the Lord's; it is holy unto the Lord.—Lev. 27:30.

2. Withholding this claim is to rob God.

Will a man rob God? Yet ye have robbed me. But ye say, Wherein have we robbed thee? In tithes and offerings.—Mal. 3:8.

3. Therefore the claim should be attended to promptly.

And as soon as the commandment came abroad, the children of Israel brought in abundance the first fruits of corn, wine and oil, and honey, and of all the increase of the field; and the tithes of all the things brought they in abundantly.—2. Chron. 31:5.

4. Worldly prosperity promised to those who honor God with their substance.

Honor the Lord with thy substance, and with the first fruits of all thine increase; so shall thy barns be filled with plenty and thy presses shall burst out with new wine.—Prov. 3:9, 10.

5. It is accepted according to what a man hath.

For if there be first a willing mind, it is accepted according to that a man hath, and not according to that he hath not.—2. Cor. 8:12.

6. It should be given willingly.

Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity; for God loveth a cheerful giver.—2. Cor. 9:7.

7. Does poverty or limited means excuse any one from giving to the Lord?

They shall not appear before the Lord empty: every man shall give as he is able, according to the blessing of the Lord thy God which he hath given thee.—Deut. 16:17, 18.

8. Jacob's vow.

Of all that Thou shalt give me, I will surely give the tenth unto Thee.—Gen. 28:22.

Will you act on these principles? If so, sign your name to this, and begin today.

Name.....

There is some joy in Heaven  
When money is thus given;  
Laid up thus, there can be no loss—  
Kept down here, it turns to dross

## ... WOMEN'S DEPARTMENT ...

### Central Committee.

Miss E. S. Broadus.....Chairman  
1227 Third Avenue.

Mrs. B. G. Rees.....Treasurer  
2326 Longest Avenue.

Mrs. Kate Coleman Hinkle.....Secretary  
205 East Chestnut, Louisville, Ky .

Mrs. Forsee, the president of Kentucky W. M. U., has recently appointed a new Personal Service Committee for the State, a matter which was overlooked last November. The chairman is Mrs. G. W. Perryman, of Winchester, a Kentuckian who has been sojourning in Virginia for ten years, and has won golden opinions there. Mrs. C. S. Porter, of Lexington, had done good service in her former home church, at Somerset, and Mrs. O. H. Huey, now of the Crescent Hill church, Louisville, is well known for her fine work in Mission causes. We may hope for some vigorous handling of this department. This Committee came by invitation to take part in the May meeting of the Central Committee, where we had, besides the presence of Mrs. Forsee, Mrs. J. C. James, of Harrodsburg, and Miss Warren, of Cane Run. With the help of these out-of-town members, the Central Committee adopted a State Policy, which will soon be published. Meantime, we have received from Miss Mallory the Union Policy, upon which ours is based, and it is given to our readers this month.

The Training School Commencement was, as usual, an occasion of great interest. Mrs. McLure's beautiful taste and careful drilling were shown in every detail, and the large number of graduates was a cause for rejoicing. Twenty-three received diplomas, and many of them have already accepted positions, or are anxiously awaiting appointment by the Foreign Board. One of the choice graduates, Miss Minnie Mae Berry, of Franklin, Ky., has been selected to fill the place left vacant by Miss Northington, a Field Worker, for this summer, and promises to do her very best for our Union. Of the more than twoscore who received certificates for one year's study, many hope

to return, and a number of new applicants have sent in names, two of them from Shelbyville, Ky. Let each society remember to send promptly its share of the current expenses of this school, this being especially "Training School Quarter." E. S. B.

### CENTRAL COMMITTEE POLICY.

1915-1916.

**United Policy.**—Though realizing that the plans of each state differ in some respects, we recognize also that there are certain lines of policy which should be common to our state and the General Union in order to make the steady and lasting advance which is our great desire and we, therefore, with "faith in God" who has called us for such a time as this, adopt, together with the other State Central Committees, the following policy for 1915-1916.

**Investigation.**—Since thorough, thoughtful and scientific investigation of the field to be covered is now universally conceded to be the first step in fully carrying out any undertaking and realizing that such an investigation in the field assigned our Union was successfully made by some of the states last year, that we again appoint a committee whose business it shall be to carry out such an investigation and report not later than January 1st, 1916, along the following lines: number of churches and Sunday Schools, number of women members, children in Sunday Schools, number of churches with missionary societies, number of women and children in societies, gifts of women in societies compared with their churches, gifts of State Union compared with State Convention, gifts of Baptist women compared with those of women of similar organizations in other denominations, comparison of their plans with ours, division of societies by cities, town and country, by amounts contributed, by development, compilation of statistics showing per capita gift of societies in cities, towns and country, etc. These statistics are to be compiled with the view of gaining such intimate knowledge of our field that we may send to each society and district such help as is best fitted to its needs both in literature and field workers and give to

the general Union needed suggestions in the preparation of literature suited to the various classes of societies and make a correct and much needed statistical survey of the entire field.

**Comparison.**—That in order to avail ourselves of the accumulated wisdom of all the Central Committees, we again appoint a committee to study carefully the report of the Standing Committee on Methods as given at Houston and to collate the plans of all the states with reference to: stated communications with societies, distribution of responsibility, duties of salaried officers, percentage of receipts and expenditures, handling of contributions and expense funds, office equipment, duties of Central Committee and district or associational officers, methods of reporting funds, field workers' duties, etc., asking for and responding to requests for the interchange of minutes and all state publications relating to plans of management and advance.

**Personal Service.**—In view of the new and vast responsibility which the Union has assumed in attempting to direct into channels which will be for the true and permanent spiritual and physical uplift of the entire South and cause the Union to become one of the widest and most forceful agencies in this field of practical philanthropy, that the Committee on Personal Service now in existence or to be appointed, shall make a thorough investigation of needs and conditions of each section of our state, suggesting plans for meeting these needs, urge reports of what societies are doing and give the benefit of our plans and suggestions to the Personal Service Committee of the general Union. That careful study be made of the reports, as given in the Houston W. M. U. minutes, of the Personal Service Committee and of the Commission on Efficiency in Personal Service.

**Inter-relations.**—That with the view of making our mission endeavors of the greatest service to the church and Sunday School as well as the fields which we earnestly desire to benefit, we seek the closest relations with the plans of the church and with the Sunday School urging the members of the classes as classes to join the society of appropriate age; that we seek to have the Union's work represented on all

programs of state conventions, Sunday School institutes, Home Mission Board Enlistment Department meetings, associations, fifth Sunday gatherings, state encampments and other denominational meetings; that whenever possible our leaders seek conferences with pastors showing a desire to seek and give help; that we make use not only of denominational papers but give to local papers immediate and up-to-date news of general and local mission meetings and missionary events at home and abroad, referring them to the Southern Missionary News Bureau.

**Commission Reports.**—That we give thoughtful consideration to the recommendations of the Commissions on Efficiency in Personal Service, Young Woman's Mission Work and Mission Work with Girls and Boys and to those of the Standing Committee on Methods, seeking to embody them in our state work, as far as possible.

**The Country Church.**—Since it was forcibly brought to our attention by the Committee on Rural Efficiency in May, 1914, that the country church is in the main untouched by the Woman's Missionary Union, that we again this year make a special study of the country churches with a view of meeting their conditions and enlisting their women and children.

**Jubilate.**—That we endeavor to redeem all Jubilate pledges as they fall due and that we encourage added contributions to the Jubilate Fund, namely to the Church Building Loan and Judson Centennial Funds. That in accordance with an action of the W. M. U. Executive Committee and in behalf of the Judson Centennial Fund, we seek additional pledges especially for the girls' schools at Sao Paulo, Brazil, and Kumamoto, Japan, the amount needed for each being \$30,000. That the need for these two schools be presented at our associational and state annual meetings and during the woman's program of our summer assemblies.

**The Training School.**—That in common with the other states, we enter with enthusiasm upon the second year of the \$75,000 Training School Enlargement Fund, endeavoring to raise by May, 1916, at least two-thirds of the amount needed from our state in order to complete the entire \$75,-

000, and that to this end we emphasize the presentation of the new Training School episode. That, furthermore, we endeavor to persuade the finest Baptist young women of our state to attend the school.

**Mission Study.**—That we press the advantage gained by the large number of mission study classes formed last year so that there may be a still larger number of study groups formed this year, the aim for the entire Union being 3,500.

**Uniform Standards.**—That greater effort be made to induce societies to report on their standing measured by the uniform Standard of Excellence with the hope that at least 2,500 societies in the Union will have reached not less than four points of the standard by May, 1916.

**The Graded System and the Younger Branches.**—Since again the organization of the younger branches is pressed upon our attention and the following aims in organization for the general Union have been agreed upon, namely: 525 Y. W. A's, 300 Girls' Auxiliaries, 225 R. A's, 1,000 Sunbeams; that we press the graded system of societies, urging the filling in of the grades and the system of graduation from one to the other as set forth in the organization manuals. That we emphasize the work in behalf of Southern Baptist College girls in accordance with the report at Houston of the W. M. U. college correspondent and of the Commission on Efficiency in Young Woman's Work.

**Royal Service.**—In view of the inspiration and constant help which the Union magazine, "Royal Service," brings monthly to all branches of our work, that we throw ourselves heartily into the magazine campaign to culminate in Royal Service Week beginning September 26, with the view of raising the number of subscribers to 30,000 by May, 1916. That we encourage the presentation of the pageant, "The Spirit of Royal Service."

**Calendar and Leaflets.**—That as a Central Committee we bring to our constituency the missionary power of the Calendar of Prayer and that we assist the W. M. U. Literature Department in the sale of it, pledging to it to be responsible for the sale of a certain number and endeavoring to send in

additional orders. That we urge our members to purchase and use generally the leaflets recommended by the W. M. U. Literature Department.

**Reporting.**—That we make still further efforts to equalize the gifts of the societies throughout the year, with the ideal of having each society give one-twelfth of its apportionment each month so that each quarter may represent a fourth of the years' gifts, further to perfect our plans of reporting to the treasurer of the general Union so that she may have in her hands a full and accurate statement of the societies' gifts at the end of each of the first three quarters and so compile these reports and those coming to us in the fourth quarter, that the confusion, overstrain and delay incident to the closing of the year's work and the late closing of the books be avoided, to this end consulting with the general treasurer for uniform plans.

**Unity.**—That unity and interchange of service and plans mark the year; that consideration of the great field under the charge of the general Union, which has always been a marked feature of our state Union's life, lead us this year to deeper thought of our great common problems, more constant prayer for their solution, more sympathy with the general officers in their large tasks and more readiness to help them in their solution, more prayer for other state workers and a closer and more constant union of our prayers and work with one another in the state work entrusted to our care.

## A NEW BOOK FOR LAYMEN

# A Man and His Money

By **H. L. Winburn, D.D.**

Pastor Walnut Street Baptist Church, Louisville, Ky.

"A FRESH STRIKING AND IMPRESSIVE DISCUSSION OF  
THE BIBLE DOCTRINE OF STEWARDSHIP."**WHAT THEY SAY:**

**Joshua Levering**, Baltimore, Md.: "I have read with much interest and pleasure the proof sheets of the book, 'A man and His Money.' In the seven years of my connection with various Laymen's Missionary Movements I have heard many addresses and read many pamphlets on 'Stewardship.' I cannot recall, however, any that seemed to me to more fully cover, from a scriptural as well as a practical standpoint, the fundamental principles of that important subject as those set forth in this book. Its reading will, I am sure, lead thoughtful men to more conscientious consideration of the proper and proportionate use of one's income, as well as stimulate the missionary spirit generally."

**H. Z. Duke**, Dallas, Texas: "I have just read the proofs of the book, 'A Man and His Money' by H. L. Winburn, pastor of the Walnut Street Baptist Church, Louisville, Ky. It is a profound, practical discussion of stewardship. In my humble judgment it is one of the best books that has been written on this subject which is of vital importance to Christians and to the churches in their conquest of the world for our Lord. It should have a very wide sale."

**A. Gatliff**, President Southern Mining Company, Williamsburg, Ky.: "I have just read Dr. H. L. Winburn's book, 'A Man and His Money,' and I am glad to add my endorsement to this fine work. I think it is the finest thing in print on the subject of stewardship. I have read it through care-

fully and I would be glad that this book could be in the hands of every church member. I have run down the references to both the Old and New Testaments, and I believe that Dr. Winburn's book is the true way of supporting our churches, and if adopted, our financial affairs of the churches would be put on such a foundation that we would have no trouble in carrying on our work of missions, education and every other work belonging to Christian denominations."

**Wm. Ellyson**, Corresponding Secretary State Mission Board of Virginia: "'A Man and His Money,' is a fresh, striking and impressive discussion of the Bible doctrine of Stewardship. I count it a happy sign of the times that a busy pastor in charge of one of our greatest churches should find time and inclination to do so thorough and admirable a piece of work on a theme of so practical and vital interest."

"May it be read not only by our pastors but by thousands of our laymen."

**M. H. Wolfe**, Dallas, Tex.: "It is my opinion that you have completely covered the ground on this important question and made a clean sweep of the man who does not believe in the Tithe.

No sensible man can read this book and not become converted to God's Financial Plan and in the publication I feel you are making a contribution to the cause of Christianity, the influence of which will lash the shores of eternity."
